Dear Mr Allender

Your letter addressed to our Competitions Secretary at Brands Hatch regarding our possible use of Pembrey, has been passed to me as I will control any involvement at this new venue.

We have not actually requested any dates for this year, but an interest when they get a track licence. When this might be is a mystery as much necessary work has still to be considered.

When the circuit is ready we may negotiate with other RAC MSA recognised clubs for their championships, if we need any topping up of races. Undoubtedly there will be an opening for circuit based championships, but we would assume that the circuit operators might wish to promote this them selves.

Yours sincerely

Howard Strawford
